About the Vineyard: Summit View Vineyard sits at a Northeastern slope, 1200-ft. in elevation on the Oregon side of the Walla Walla Valley. Planted in 2009, 67 acres of six Cabernet Sauvignon clones grow in nutrient-rich Ellingford Silt Loam, atop a base of fractured basalt. The vineyard's location provides excellent air movement, resulting in frost-free conditions to grow bold yet balanced Cabernet Sauvignon.

91 Points, Wine Enthusiast Editors' Choice: "From an up-and-coming region of the valley, this Cabernet offers appealing aromas of blue plum, baking spices and dried herbs. It's loaded with full-feeling blueberry and cherry flavors that hit the gong hard. A firm sense of tannin and acid structure backs it up. Delivers a lot of quality and value." –Sean Sullivan, *Wine Enthusiast*
